

JAISHREESAI M.D

Front End Web Developer

8838129611

Jais93999@gmail.com

Tamil Nadu, Chennai

Professional summary

As a Front End Web Developer with 5 years of experience, I have a proven track record of creating visually appealing and user-friendly websites. My biggest achievement has been developing a responsive website for a Fortune 500 company that increased their online sales by 25%. My best qualities include attention to detail, excellent problem-solving skills, and the ability to work efficiently in a team environment. I am proficient in HTML, CSS, JavaScript, and other front-end technologies. With a strong eye for design and a passion for coding, I am dedicated to delivering high-quality web solutions that exceed client expectations.

Experience

Web developer 2024 - Now

Asus, India, Kolkata

As a Web Developer at Asus in India, I was responsible for creating and maintaining websites for the company. My role required strong technical skills and attention to detail in order to ensure a seamless user experience. I collaborate with designers and project managers to bring their visions to life through functional and visually appealing websites.

- Developed and maintained multiple company websites
- Collaborated with cross-functional teams
- Ensured user-friendly and visually appealing designs
- Implemented responsive design for optimal user experience
